

# WinterCup 2008|2009

WinterCup race series will be held for fifth consecutive year in a row, and for second year in a row it will be an indoor series. This year majority (or all) of the races will be held at a purpose built off-road track in Jälgimäe, at the outskirts of the capital Tallinn. The races will take place on the second Saturday of each month.

---

## Racetrack

Jälgimäe off-road racetrack (Mini RC track) is a purpose built track designed for pit-bike and RC off-road use. The track features a handful of jumps (Some 16 to be precise) and is no less than 4 meters wide. Lap times are in the region of 20 seconds, The surface is slate ashes and has become really hard packed, almost blue groove in places. Typical tires to be used are Pro-line M3 Bow-ties or Hole shots.

## The facilities

Warm cafeteria, with overview of the track

Sauna

Water toilets

Heated pit area

Ventilation in the main hall

On-site hobby shop
